

2015 Central Illinois Regional

Teams – As you make final preparations to attend the CIR next week, please remember to bring the following:

- Your robot and robot lock-up form in the same vehicle. Be sure to tape your lock-up form securely to the outside of your bag during load-in, so inspectors can have you ready to unbag / resolve issues on Thursday morning
- Bill of Material to hand in during inspection
- If you did not update your firmware - Review instructions on firmware updates and download files ahead of time –you will be required to update firmware before you can pass inspection
- Team roster to hand in at registration
- A check to pay for the Team Social, if you are planning to attend
- Robot cart (Minimum door height is 6'10")
- Driver's station and laptop(s)
- Batteries and chargers
- Power strips
- Safety glasses for each team member – don't pack them in your pit stuff or you may be delayed setting up your pit.
- Your tools, supplies, materials, pit decorations, blue banners, sponsor signs, spare parts, and up to 30 lbs. of withholding

- Game pieces for practice – there will be a practice field, but it may be crowded
- First aid kit and battery clean-up kit
- Team flag
- Team mascot costume

Best regards,

Tim Koch

Central Illinois Regional Planning Committee Chairman
